PART 3

WRITE THE MESSAGES THAT BRING THEM BACK

The system decides when.
The message makes the next step clear.

ONE MESSAGE. ONE JOB.

Do not cram five jobs into one message.

Thank them

Ask for a review

Ask for a referral

Ask them to rebook

Sell something else

One moment

One message

One next step

Clarity beats volume.

Retention
School

USE THIS 4-PART MESSAGE

1

CONTEXT

Why are you messaging?

2

RELEVANCE

Why does it matter now?

3

VALUE

What helps the customer?

4

NEXT STEP

What should they do?

Context → Relevance → Value → Action

Retention
School

AFTER THE APPOINTMENT

DON'T SELL. CLOSE THE LOOP.

Thanks for coming in today.

Here's what happens next: [next step].

Need anything? Just reply.

THANK

GUIDE

REASSURE

Make the next step obvious.

Retention
School

CHECK IN LIKE A HUMAN

Hi [Name], just checking in.
How are you getting on after your appointment?

All good
Continue journey

Concern
Human follow-up

Automate the check-in. Humanise the response.

MAKE **REBOOKING** EASY TO ACT ON

Weak

Book again soon!

Better

Hi [Name], it may be time to plan your next [service].

Ready?

Choose a time → [link]

Timing

Reason

Easy action

Do not make them work out when to return.

Retention
School

A REMINDER SHOULD REMOVE FRICTION

Quick reminder in case this got buried.

Still want to book?

Choose a time → [link]

REMINDER $\neq$ REPEAT

Same goal. Less friction.

Retention
School

GIVE THEM A REASON TO RETURN

It's been [X] since your last [service].

[Relevant reason to return].

Ready to come back?

Book → [link]

Context

Reason

Easy return

Recognition. Relevance. Easy return.

Retention
School

REMOVE THESE 5 MESSAGE KILLERS

1 Too long

2 Too many asks

3 No context

4 Generic timing

5 No obvious next step

Short. Relevant. Timed. Actionable.

Retention
School

WRITE THESE 5 FIRST

- 1  Aftercare / thank-you
 - 2  Check-in
 - 3  Rebooking
 - 4  Reminder
 - 5  Reactivation
-

One journey. Five messages. One return system.
